

```
1  #include <project.h>
2  #include "sensorPackage.h"
3
4  int main()
5  {
6      sensorPackage_init();
7
8      for(;;) //Never ending story....
9      {
10         //Variables to hold sensor data
11         float temp = 0;
12         float humi = 0;
13
14         sensorPackage_getData(&temp, &humi);
15     }
16     return 0;
17 }
18
```
